Bolts The TICKET

J. E. McDONALD

Pleads for Farmers

J. E. McDonald, Texas Agricultural Commissioner, in a statewide broadcast Tuesday, explained that he will support the Willkie-McNary ticket because the Republican candidates offer the "squares deal" for the farmers. The Willkie-McNary "two-price plan," he said, will provide an American market for American products and permit the sale of surplus products on the world market, allowing farmers to plant as they please, without dictatorial rules from Washington, as is the case under the Wallace plan.

Concerted Action To Defeat McDonald

EXAMPLE: From Abilene Reporter Taylor county democrats will repudiate the man who has repudiated his party, James L. Stinson, county chairman, said today in connection with the write-in campaign of William N. Corry, Tarrant county, for Texas agricultural commissioner.

"I am today writing all precinct chairmen of the county urging them to request voters to scratch the name of J. E. McDonald, whose name will appear on the ballot as the party's nominee for commissioner of agriculture," Judge Stinson said this morning.

"Our party has honored McDonald for years but now that he has announced he will repudiate his party by voting for the republican presidential nominee, Wendell L. Willkie, there is no other course open to the democratic party other than repudiating McDonald," the county demo chairman added.

Corry was defeated by McDonald in the July primary of the democratic party. Last week McDonald announced he would vote for Willkie for president. Immediately democratic leaders of the state met and launched the write-in campaign for Corry.

Robert D. Salmon Died Saturday In Stamford

Robert David Salmon, a former railroad man of Hamlin and the father of Mrs. Clifford Reynolds, passed away at the home of his daughter, Mrs. Marvin Elliott, in Stamford last Saturday, October 26, at 3:15 A. M.

Mr. Salmon was 72 years, 10 months and 21 days of age. He was born December 5, 1867, at Troup, Texas. He was in marriage to Miss Josephine Moore, of Greenville, Texas, December 31, 1889. The survivors are two sons, Maurice Salmon of Stamford and Robert E. Salmon of San Angelo, and two daughters, Mrs. Clifford Reynolds of Hamlin and Mrs. Marvin Elliott of Stamford. There are four grandchildren, Darwin, Thomas and Juliet Elliott of Stamford and Clifford Reynolds, Jr. of Hamlin. Mr. Salmon is also survived by two brothers, E. H. Salmon of Stockdale, California, and W. W. Salmon of Troup, Texas, and one sister, Mrs. G. B. Palm of Clint, Texas.

Mr. Salmon was familiarly known in Hamlin as "Bob." He and his family resided here for many years while he served as an employee of the Orient railroad and later the Santa Fe. He lived in San Angelo for several years and till his age and health forced him to retire. The past year he has been in Stamford at the home of his daughter. Mr. Salmon had been an employee of the West Texas Utilities Company at San Angelo since 1921.

Funeral services were held Sunday afternoon at 3:00 o'clock in the Central Christian Church of Stamford, with Minister Walter Griswold, the pastor and Minister Tabor of the Church of Christ of Stamford, in charge. Pallbearers were fellow associates of the West Texas Utilities Company of the San Angelo district.

Interment was in Highland Cemetery, Stamford, under the direction of the Kinney Funeral Home.

Z. Massey Died Here Sunday, October 20th

The Herald last week should have recorded the passing of a good citizen, Z. Massey, who died at the home of his son 11 miles east of Hamlin. But a detailed sketch of his life was awaited and the write-up was passed.

All that we have been able to ascertain is that he was born Oct. 15, 1869, and was 71 years and 5 days of age. He was a kindly, happy appearing man and was on Hamlin's streets just a day before his death, if reports are correct.

The funeral service was held at the Dovie Church by Rev. H. C. Cagle of Buffalo Gap and Rev. L. K. Malone of Hamlin. The body was placed to rest in East Cemetery, Hamlin, under direction of the Barrow Company.

Clover Farm Store Entertained Employees

Mr. and Mrs. James Dunlap, owners of the Hamlin Clover Farm Store, entertained their employees and invited guests in a delightful banquet Tuesday evening of this week at the Blue Bonnet Cafe.

A four course "steak dinner" was served.

The tables were artfully decorated in the Hallowe'en colors and theme.

Following the dinner the party was invited to the Clover Farm Store for a business meeting. Those present were, including the host and hostess, Mr. and Mrs. R. A. Gill, Mr. and Mrs. Marvin Doss and Shorty Martin, all of Abilene. Others were Mr. and Mrs. Garland Feemster, Mr. and Mrs. G. F. Meeks, Mr. and Mrs. Alvis Mayo, Bill Harbert, Alvin Johnson and Don Coles.

The evening was highly enjoyable to the host and hostess and all Clover Farm employees, who found that the Blue Bonnet Cafe owners, Mr. and Mrs. Hodges and their assistants had the means and capacity to serve a party in the best fashion.

Mr. and Mrs. Joe Simpson and daughter, Faith, spent Saturday night and Sunday in Georgetown visiting Mrs. Simpson's parents, Mr. and Mrs. Lott Shell. Sa

Open Letter Against Red River Co. Amdt.

October 23, 1940

Gentlemen:

Our Public Expenditure Committee, Jas. D. Hamlin, chairman, recommends the disapproval of ONE of the four constitutional amendments being voted upon at the general election, November 5, 1940. This amendment is the so-called "Red River County Amendment," which repeals, for that county, the very proper constitutional limits on tax rates and enables the levying of 25c per \$100.00 additional tax "for the purpose of refunding all the outstanding indebtedness of the general fund and issue bonds to refund such indebtedness."

Our committee recommends opposition and disapproval of this amendment for the following reasons:

1. It is contrary to the well established program of this organization of fostering efficiency, economy and better financial control in public affairs. This amendment means, if enacted, that a principle of government has been written into our constitution which, in effect, will nullify our constitutional limitations on tax rates. Furthermore, it will result in encouraging waste and extravagance by enabling counties to make legal and illegal issuing of warrants for expenditures unauthorized by election or by the local budgets.

2. It will open the door to all political subdivisions to violating constitutional debt limits. If this amendment is written into the constitution for Red River County, surely the Legislature and the voters will have no reason for denying the extending of the same privileges to every county, city and school district. Any other Texas county could justly point out, and many would do so, that this amendment, if it is adopted, frees one county from obedience to the constitution itself while forcing the other 253 counties to adhere to it. Sheer chaos would result. The present need is for reduced public expenditures and for better financial planning, control and budget making. This amendment violates these principles and will greatly increase public expenditures and local taxation, and will also write into the constitution a local matter which may be extended as a State policy.

May I urge our West Texas organizations to disseminate some information on this constitutional amendment and to oppose its enactment.

Sincerely yours,
J. S. Birdwell
President, West Texas C. of C.

All boys and girls between the ages of 10 and 18, inclusive, are eligible to enter the contest. A committee of livestock experts will select the winning theme. Resolution Passed By The Statewide Meeting of Roosevelt Democrats At Waco, Texas, Oct. 25th

That WHEREAS, at this statewide meeting of Democrats held in Waco on Oct. 25, 1940, called for the purpose of considering what action was available to give expression to the resentment of the Democrats of Texas to the conduct of the nominee of the party, J. E. McDonald, for Commissioner of Agriculture, for the State of Texas, in making his public announcement that he expected to support Wendell Willkie, the Republican nominee for President, and would not support Franklin D. Roosevelt, the Democratic nominee for President; and

WHEREAS, it is the viewpoint of this meeting that said McDonald thereby secured his nomination by deception and fraud, for the reason that the election at which he was nominated was held after the nomination of Willkie and Roosevelt, and in ample time for him to have announced before the holding of said primary election, that he did not intend to support the Democratic nominee for president, and

WHEREAS, it is the unanimous belief of the Democrats assembled in this meeting that had he made an announcement that he would not have received the nomination by the vote of any county in Texas, and that therefore, having received such nomination by reason of his failure to state his alignment with the Republican Party, that said nomination is of no binding effect on the Democrats of Texas and should be repudiated at the polls on November 5th.

THEREFORE, BE IT RESOLVED: That in order to give opportunity for such repudiation, this body of Democrats unanimously endorses the Honorable Bill Corry, a dirt farmer of Tarrant County, Texas, for the office of Commissioner of Agriculture, and calls upon all the loyal Democrats of Texas to SCRATCH the name of J. E. McDonald for such office and WRITE IN the name of Honorable BILL CORRY.

BE IT FURTHER RESOLVED that the action of this body be broad

Information To Help Men Under 36 Years Seeking Order Nos.

It might be in order to give a little explanation to the men of the draft list about their numbers.

The larger daily papers are giving the double sets of figures. On the left side are the numbers as drawn in your county. These numbers are called "serial numbers", and to the right are the "order numbers" which were the numbers each man drew in Washington. So to find out just where you are "AT" in the list you first locate your serial number (Co. number) and to the right of that number, as published, is your "order number". Your order number could be for example 6513 and your serial number could be any number equal to or under the total recorded by your Draft Board. In Jones county the total number of registrations including transfers will not likely exceed 3,000 hence any serial number drawn in Washington larger will not apply to anyone in a smaller board area. It is not necessary for any man to KNOW either one of his numbers. When the Board wants a man to answer he will be notified.

Mrs. F. H. Smyers of Arlington, accompanied by Mrs. E. L. Cowden of Fort Worth, spent the week end here visiting her daughter, Miss Camille Smyers.

W. N. (BILL) CORRY

Drafted by a statewide mass meeting of Texas democrats to run as a "Roosevelt democrat" write-in candidate to oppose the re-election of Agr. Commr. J. E. McDonald, who despite his nomination as a democrat, last week endorsed the candidacy of Wendell Willkie, Bill Corry of Tarrant county, is putting on a whirlwind campaign. He has the endorsement of Texas county judges and leading farm and ranch organizations and democratic leaders throughout the state. The Waco meeting in a resolution declared McDonald had forfeited any right to democratic party support and named Corry as the "instrument of Texas democracy to remove 'Willkie-ism' from Texas politics. Corry was runner-up against McDonald in the July primary and refused to be a candidate until drafted by the Waco meeting. Judge C. C. Randle of Ellis county was named as Corry's campaign manager.

Jones County Cotton Yield Is 26,601 Bales Up To October 17th

This being a cotton country, a new cotton yield is always news to everybody.

The official report as of October 18, which includes the 1940 crop in Jones county through October 17, gives this county 26,601 bales. This amount compares to the count for the same date in 1939, 17,883 bales. The amount of cotton ginned in the county up to October 18, exceeds the entire crop of 1939 by more than 2,000 bales.

It is time to begin guessing at the final report. Some guessed in the early part of the season 60,000 bales. It would appear that around 45,000 bales will catch the crop. What is your guess?

The next report will be taken to include October 31. The official report of that canvass will not be made available till about Nov. 10th.

Mrs. Ward L. Harris who had undergone an operation for appendicitis, at the Rotan Hospital, was able to return home on Tuesday of last week.

GOOD GRADES— KEYS TO SUCCESS

By Tommy Hill

Good grades are a symbol of hard work, if a student doesn't possess the ability of "shifty" eyes. By this, I mean that a student who is honest, always reaps the highest goal.

A student can't make good grades simply by picking up a book, reading it for a short period of time, then closing it with a nonchalant air that he knows the lesson. You have to study to achieve a good average in your grades. Yet, many people may contradict me by saying that there are two different kinds of students. Yes, there are in this way, a "quick to catch on type" and a "digger." You have seen students whose report cards show high grades, who in your estimation, never study. But then you are mistaken; they study in school when some of the others are running around. Then there is the type of student who really studies hard, who isn't very quick to understand his text, but in the long run he never forgets it.

You hear some people say that when you go to college, if you have the required amount of credits, it doesn't make a difference what kind of grade you had in high school. This isn't true for if you are having difficulty in making good grades in college, you are likely to be shown quite a bit of help when the opportunity presents itself.

Acquiring a job isn't very simple when you start out independently on the road of life. But, if your good grades have prepared you for your independence as they show, your acquisition of a job won't be half so complicated as before.

So pupils, remember, that what you are doing now is a key to a lock of success in the near future, and that anything worth doing at all is worth doing well.

JUNIORS SPONSOR SUCCESSFUL CARNIVAL

Do you know what time the booths opened? At 7:30 every booth was doing booming business, especially the booth selling confetti. No one escaped getting confetti in his hair and on his clothes.

With Harold Fletcher as master of ceremonies, and backed up by his splendid cast, the senior class presented a first class negro minstrel. There was standing room only in the booth, and total receipts of this booth topped all other booths.

Juniors and sophomores had a booth of varied activities, with the junior booth supplemented by a fortune teller. Both were successes.

Freshmen added the true Halloween spirit by furnishing the crowds with the hair-raising thrills coming from the "House of Horrors." The receipts here were second to the senior booth.

Home Economics girls furnished a Bingo booth; F. F. A. furnished a booth with various activities, and Pep Squad girls sold school colors. The High School P.T. A. gave the crowd a long desired crack at Hitler although it was only a trial to hit his picture with darts.

About 9:00 the booths were closed, and a large crowd assembled in the auditorium for the beautiful and impressive coronation of Joyce Hudson queen of the high school. Milton Fletcher, the junior class president, presided with perfect poise and dignity. The ladies in waiting were followed by the class queens and their escorts. W. L. Fletcher, Jr., as crown bearer, followed with as much dignity as any who participated in the ceremony. The coronation was closed with the high school song led by Mr. Clyde Smith.

HOMEMAKING I NEWS

We've been told "things" do smell so good just before noon on days when we cook. Our most recent problem was planning, preparing and serving breakfast. We divided our class into four groups and each group served breakfast at the same time. Since it was our first meal we decided it best to not have any guests; and the next time we know we will do better as we scorched our meals and discussed ways of improving.

Perhaps next time when the food smells so good, we can invite some hungry people in for lunch as we

are studying luncheon and supper foods now.

Saturday, Nov. 2, the four club presidents and Miss Smyers will go to Vernon to attend the Area II meeting of the Future Homemakers of Texas. The club presidents are: Sarah Jo Holder, Mary Jo Sills, Joyce Hudson, and Phala Davis.

PEACOCK HUMBLER HAMLIN "B" TEAM

By Tommy Hill

The Peacock Peacocks defeated the Hamlin "B" team 27 to 12 last Thursday night on Pipers' Field.

A slight rain before the game caused play to be a little sluggish. Devastating end runs and off tackle plays proved detrimental to the inexperienced Hamlin team. Peacock drew first blood when Preston, right half back churned around his right end for the first tally of the ball game. Try for extra point was blocked. Late in the second quarter the Peacocks scored again on an intercepted pass that put them deep in Hamlin's territory. With successive thrusts they ran their score up to 12-0. The extra point conversion was good. Kicking off to the Hamlin team, little Dean Witt, fiery half pint quarter back threw the ball into the end zone which cost the Pipers 2 points, leaving the score 15-0 at the half.

Inspired by a talk from their coaches, the Pipers took the field in the second half to fight on even terms with the Peacocks. Nolan Haines, Hamlin fullback, brought the spectators to their feet when he intercepted Johnson's intended pass to Jackson and out ran the Peacock lads to score Hamlin's first count. His run was fifty-five yards. Point conversion was missed. Peacock 15, Hamlin 6 at the end of the third quarter.

Early in the fourth quarter Don Coles, Hamlin's reserve right end, went into the game, and on the first play, caught Haines' pass and out-distanced the Peacock team on one leg. Hamlin's try for extra pt. was blocked leaving them trailing by a score of 21 to 12. In the closing minutes of the game Preston again made a spectacular run to tally six more points for Peacock. The two teams fought in the rest of the game. When the whistle blew Peacock led by 15 points.

That doesn't make the Hamlin lads feel so bad, as they are inexperienced; but they showed that the Pipers fight. Next year they will compose the Hamlin team that will make all Hamlin proud of them. Hats off to a bunch of future grid-iron greats of Hamlin.

SCHOOL PEP

By G. W. Nichols

I think that school pep is the most important thing there is to help a team win and show them that we are behind them. It gives them a feeling of having some help when they get out there to play a tough team.

About three weeks ago when we played our first game the student body showed about as much pep as two old maids at a dance. But after it was over, Mr. Smith, the best coach Hamlin High has had in many a moon, got up and told the student body what he thought of their pep.

It must have done some good because did he have to tell them again when we played Rotan? No! They got in there and raised the roof off.

WEINER ROAST

By Joyce Hudson

On Monday, Mr. and Mrs. Frank Waggoner entertained the football boys, band, and pep club with a weiner roast in their back yard.

The band played a few pep tunes and the pep club gave some yells in the true football spirit. Mr. Clyde Smith sang "God Bless America," and then everyone joined in on the second chorus.

At the sound of "Come and get it!" an unusually long line was formed. Everyone was given buns, weiners, onions, pickles, and red beans. There were many small fires around which small groups assembled to roast the weiners. After the feast, games were played.

Everyone left with a high spirit

and keen anticipation for Friday night and the other games to come.

VICTORY FOR THE SENIORS

The senior class can once more boast of having a good booth and crowning their queen at the junior carnival. Several members of the senior class were rather alarmed just before the queen's race ended and they really went to work. Joyce Hudson was crowned queen of Hamlin High school. Several sighs escaped the lips of seniors as Joyce Hudson's name was called to reign over her loyal subjects during the school year 1940-41.

As the carnival was getting into full swing, a noisy commotion was heard, and a group of real Dixie Land Minstrels marched down the hall to advertise the senior booth. Inside the patrons enjoyed song and dance numbers, and music by the "Jive Fire."

The senior float was a surprise to everyone as it passed slowly in review with the other floats. With "patriotism" written on every inch of it, the float received a great applause. The carnival is over, but work has only begun for the seniors. Watch for news of their activities.

PEP RALLY IN ASSEMBLY

Students assembled in the auditorium for a short pep rally last Thursday. The program lacked a definite theme but served as a sign that the student body stood behind the second string, who played Peacock Thursday night. The fact the game was a non-conference one did not dampen the spirit of the Pied Piper supporters, and the meeting was a successful pep rally.

Seniors got one jump ahead of the other classes and had a stunt to advertise their candidate for the queen's race. From different corners yells of "Bristow for Queen", "We want Phenix", "Hassen for Queen", and "Yea, Hudson," mixed with cheers for the team to finish the program.

WORDS FROM COACHES

SMITH AND GRIGG

Over-confidence is your worst enemy. So don't take anything for granted until the game is over.

We, the team and coaches, wish Don Boyd a very speedy recovery. We are sorry, Don. As you know, this boy was hurt in the Albany-Anson game.

Good sportsmanship never hurts anyone.

HAMLIN vs. HASKELL

The Pied Pipers, Hamlin's football warriors, are going to make it six straight when they meet the Haskell Indians tonight on Pipers' Field.

Come out and watch your boys bid for the "district championship." They have worked hard, and are really a serious threat for district diadem.

Support your team. It inspires them to know you are behind them. Game starts at 8:15.

"Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary!

Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

METHODIST CHURCH

Rev. John W. Hendrix, Pastor

The Church School invites you to take advantage of its session next Sunday morning at 9:45. Every effort is being made to begin at that exact moment, 9:45. No; I beg your pardon, it begins at that time!

MORNING WORSHIP begins at 10:50 A. M. The choir can be depended upon to furnish select music. A host of your friends can be counted on to be present in the pews. The pastor will do his utmost to deliver, at least, a profitable sermon, using as his subject, "It Isn't What You Eat Makes You Fat." This can be shaped into something worthwhile, as odd as it may seem.

EVENING WORSHIP arrives at 7:30. Every effort is put forth to make of this a service informal, cheerful, meaningful. You can contribute to it. Each will be glad to see the other there. The singing will be your own favorite, doubtless. The pastor will deliver a sermon. The theme, "Our Pet Peeves." All of us have such, isn't it true? What is yours?

LEAGUES, both of them, meet at 6:45 P. M. This interesting group issues a most cordial invitation for you to be present. It is so timed as to be out in time to attend public worship.

CHURCH NIGHT—was greatly enjoyed by a host of Methodist who met Wednesday night, Oct. 23, in their spacious basement. It was held in celebration of Childhood and Youth Week, or the day so observed in the nation. Some of the younger group gave most of the program. There was a covered dish luncheon—plenty of it, an excellent program and good fellowship.

English - Speaking

Union Could Keep

Peace Of World

Copy of Letter to the Dallas News:

Now that it is clear that Hitler's vaunted conquest of the British Isles is indefinitely postponed, and that business is so bad and the profits so meager that Hit and Muss had to take in a new partner, the little brown brother from Nippon, surely the time is approaching when the Axis will feel the axes next to their neck-es. In that case thought ought to be given to some means for preserving world peace after this mess.

No amount of dissection of the peoples of Europe and no amount of nonaggression pacts, disarmament pacts, one-sided trade pacts, etc., will ever solve that problem. Neither will another League of Nations do it in the state of mutual hatred that now pervades the world. However, until the various branches of the human race understand and respect each other a little better, an English-speaking union for peace could police and protect the world quite efficiently.

This should not be confused with Clarence Streit's Union Now, which calls practically for amalgamation. The union for peace would call for the use of the joint naval and military forces, or any part of them, of the United States, England and northern Ireland, Eire, Canada, Australia, New Zealand, the Philippines, South Africa, India, Egypt and Palestine, while yet having nothing to do with the disposition of the governments of any of these independencies, solely in the case of breaches of international peace. In other words, any two countries might quarrel all they pleased, stop trade with each other, but if they wanted to fight they would have to get permission of the most powerful police force ever organized, the navies of the English-speaking governments reinforced by an air force which should be the leader by the middle of 1941. Since this police force is practically functioning in that very manner now, America in the Pacific, Great Britain in the Atlantic and Mediterranean, why can't the arrangement be made to endure until the peoples of the world can find some common ground on which to meet smiling instead of snarling?

WILLIAM N. KIRSCHNER

Temple, Texas.
The Herald, several months ago, asserted that it begins to be clear that sometime, somewhere, somebody, some nation or group of nations, perhaps the United States plus England and her various dependencies will exercise the power to control the dangers of war and brute force—to the extent that certain implements as submarines, war planes, tanks, munitions, etc., shall not be accumulated—and if so it would be an unfriendly act. The world can be safe with a proper umpire.

BAPTIST CHURCH

We have closed the first month of our new Sunday School year. The average for the month was 295. This is some below our goal for the quarter, but considering the extremely busy season, this does pretty well. We had two good services last Sunday. Three united with the church: one for baptism and two by letter. The special offering for missions was good. The morning service was especially for men, and sixty-four men above twenty-one years of age were in the service. God has been good to us, and we are looking forward to many good things in the future.

Let's make Sunday a great day in Christ's service. We want to get back over the 300 mark. It will be a real struggle during the busy season, but who wants an easy job? Remember, Sunday School begins at 9:45, Morning Worship at 11:00, Training Union at 6:30, Evening Worship at 7:30. Prayer meeting begins at 7:00 on Wednesday evening. Last Wednesday night the pastor spoke on the subject, "What a Church Should Expect From a Pastor". Next Wednesday night the subject will be, "What a Pastor Should Expect From a Church." Choir rehearsal comes at 8:00 P. M. Wednesday.

"See you in Sunday School and Church Sunday."

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

TRAGIC, TRAGEDY

This week started with the familiar news that another small nation had fallen under the heel of a dictator . . . Poor old Greece! More tragedy . . . the week started again with that detestable "harangue" of slander and tirade of politics in this dearly beloved Free America. Right here almost in our home door, over the radio was heard one of the most tragic "harangues" the ears of West Texas people ever heard against an official of the United States. (The speaker's name should be called).

"They say" and what do "they" say? Could even a small fraction of all the misleading and erroneous statements be recorded and revealed to the American people and be reviewed even as early as one year from this eventful fall, how startled would everyone be.

Some say that the "Third Term" is far more dangerous to the United States than even the combined hordes of Germany, Italy, Russia and Japan. That is some more politics and it will be interesting to see if this can be true, should Mr. Roosevelt be re-elected. The third term "booger" among all who bitterly oppose Mr. Roosevelt is being over-emphasized as the leading grounds for his defeat. What the newspapers and the radio have carried would lead one to think that his third term would end American freedom. This is not believed by the rank and file of the American people . . . the supreme power in this land is the voice of the people. If the people at anytime voice the wrong way, they quickly reverse their demands, and thus render futile the idea that ANYBODY can destroy our position of absolute freedom.

Just what to believe and what not to believe should not be any puzzle to the average American voter. This is an age of easy and free communication. What has been done, what was attempted to be done, and what is contemplated to be done, all and everything is no secret to anybody. On several occasions, in the memory of this generation, a few national mistakes have been made and the vast millions of voters soon realized it. Now that a decision is again to be made, it is

possible that a mistake can be made, again, but no one should be so frightened as to think that any man can destroy this nation in any number of terms, one or many . . . regardless of his party or politics.

The American people can stand anything for FOUR years, and they have done it. Even war, a civil war. They can do it again, even a world war.

Politicians fuss and fight among themselves for power, for selfish gain, and while they are fighting maybe the outside world thinks all our ideals of freedom have gone to the bow-wows.

It would appear that the people of the South are the most regular in their politics, and when long-time southerners bolt the ticket, it really is looked upon as far from the right way to show one's patriotism. Some say during every presidential campaign, "That this is a crucial period in the nation's history". That is being said this good year, 1940. Nobody denies that this year fading into 1941, is "crucial". If world disturbances bring about a "crucial situation," certainly that does make this year a crucial one.

It is hard for you and me to believe that any great number of public officials are deliberately trying to plunge this nation into a war across anybody's ocean. It is good sense and needed patriotism that the people of the United States realize that there is danger ahead and that the enemy can swoop down on us quickly. Months and months ago this paper began to tell our readers that "There is a world revolution on" with Germany, Italy, Russia and Japan combined against the English-American peoples. Look back over your maps, your papers and measure how this "ungodly revolution" is encroaching upon this nation. The technique of attack is now well known. If the prevailing governments do not bow in submission, become appeasers, co-operators, collaborators, etc., such governments begin to feel the "pressure" and border incidents become common till there is hatched up an excuse for invasion, and soon all is quiet and death rules instead of freedom.

One famous editor, the editor of Life, has emphasized the importance of the "VOTE" in the election of next Tuesday. Yes, sir, every American should express himself at the polls next Tuesday. The world is waiting to see what America will do with itself.

The Herald does not believe that this one election will settle the future of this nation, regardless of who is placed or retained at the head in Washington. We believe this nation can withstand almost anything for four years, and still settle any size question for the welfare of the future of the United States.

We live in a free country . . . we speak as we feel we want to, we write as we please, and eat and

One of the most interesting scenes to be observed on Hamlin Main street in all time took place on Friday afternoon of last week. Imagine two dignified fellows, J. L. Rimmer and M. P. May sitting out on the front, each watching and waiting for the next car to come along. Yep, Ye Editor found these boys so engaged and we asked, "What all the attention?" Mr. May said, "We are gambling on that hole out there in the street." We looked to one side and about that time a shaking sound and clanging noise was heard and a car hit square into the "hole". Mr. May says to Rimmer, "There's another nickle," and he once more made a mark in his little book. We saw that Mr. Rimmer was "down-cast", as the May side was the longest. Ous curiosity was high by that time and we asked, "What's the game?" Mr. May said that he had been observing that most of the cars hit the "hole".

This was the first time we ever saw Mr. Rimmer downed in an argument. He said, "Well, it's only the new-comers who drive over them."

"Winter presents a threat to the whole family's health, using the common cold as an advance guard to open the door for pneumonia, influenza and other serious respiratory ailments," the company points out. Scientific tests prove that the most important step in preventing colds is to regulate room temperatures properly and provide a circulation of warm air throughout the home. Because of its flexibility, the ideal heating fuel is gas. Floor furnaces, gas steam radiators, circulation and central furnaces are the best examples of modern vented gas heating equipment and each type offers an invaluable health protection insofar as health is concerned. Ventilation produces a constant flow of fresh air.

How to help more than a million people lower the national average of three colds per person this winter was one of the chief problems studied at a meeting of the gas company managers here this morning.

"Doctors and health authorities, who cooperated with the company in preparing education information given at the conference, agreed that many colds so prevalent in this section of the country are caused by stuffy, overheated rooms," according to D. A. Hulcy, president of the Lone Star Gas System.

"Our surveys show that many of our customers are not getting proper benefit from their present heating equipment, due to the unhealthy habit of living in one or two rooms during the winter sea-

For several years the gas company has been engaged in research concerning the common cold and the relationship between adequate

eat and health conditions during the winter season. Findings from these investigations have been endorsed by leading doctors and health authorities throughout this section.
